Dear Sirs:

**SUBJECT: ACCEPTANCE OF FOREIGN STC SR01826LA – INSTALLATION OF A
CARGO RACK – BELL 206L, 206L-1, 206L-3, 2006L-4, 407 – ISSUED TO
TYLER CAMERA SYSTEMS**

This is in response to a letter received from the FAA Los Angeles ACO dated March 6, 2008, requesting Transport Canada approval of the subject STC on Rotorcraft.

In accordance with our current policy associated with the review of foreign STCs, some STCs applicable to certain categories of aircraft may be accepted solely on the basis of their foreign certification, and do not require the issue of a corresponding certificate by Transport Canada. The subject STC falls within these criteria.

This STC will be entered in the national index of STCs that have been reviewed and accepted by Transport Canada for installation on Canadian-registered aeronautical products.

This letter confirms formal acceptance of the referenced STC by Transport Canada.

Yours truly,

D.S. Austen, Senior Engineer, Aircraft Certification
Prairie and Northern Region
